General Description: This report summarizes the projected revenue and projected expenditure data by index for each organization. Indices for each organization will be listed in order on the report along with organizational subtotals and an ending summary total. Note: This report only displays current unrestricted fund indices. It also includes terminated indices and excludes contra indices.

Purpose: This report displays year-end projected actual balances for any combination of fund, organization and/or program. The projected year-end actual balances are summarized into total projected revenues, total projected expenditures and a calculated total projected net reserve for each index within an organization.
